

Report for WSACC Conference  
on GR 15 & 22 System Changes  
June 22, 2006

Presented by Teri Nielsen, Former Business Analyst  
Administrative Office of the Courts

## GR 15/GR 22 SCOMIS/JIS System changes effective 7/1/06

### New SCOMIS docket codes:

1. ORRD = Order of Redaction
2. SEALPHC = Sealed Personal Health Record Cover Sheet
3. SEALRPT = Sealed Confidential Reports Cover Sheet

### Public Indices changes:

General Court rule 15 (GR 15) modifications become effective on July 1, 2006. The only portion of GR 15 that requires any JIS programming changes is:

**(d) Procedures for Vacated Criminal Convictions.** In cases where a criminal conviction has been vacated and an order to seal entered, the information in the public court indices shall be limited to the case number, case type with the notation "DV" if the case involved domestic violence, the adult or juvenile's name, and the notation "vacated."

### **Assumptions:**

1. The term "public court indices" means the Case Index Rpt/Fiche and the Search Index Screen in SCOMIS, and SNCI/CNCI in JIS. It does not mean DCH/ICH.
2. The current display of sealed civil cases on public court indices meets the new GR 15 requirements.

### **SCOMIS Search Index changes:**

- a. Add the DV notation
- b. Mask the Original Charge
- c. Add the VACATED notation

**SCOMIS Search Index screen before:**

```
